
2017 Autumn UTS Library Workshops

Helping students, researchers and staff develop information literacy, digital literacy and research skills.

Visit lib.uts.edu.au/events to book into any of the following workshops.

AUDIENCE

Coursework Undergraduate students, postgraduate students, INSEARCH students

Researchers Researchers at any stage of their career, including higher degree research students

Staff Academic staff and professional staff

Finding Information **P. 3**

Referencing **P. 4**

Data Management **P. 5**

Publishing & Metrics **P. 6**

Collaboration & Communication Tools **P. 7**

learning.futures **P. 7**

Chinese Workshops **P. 8**

1. Finding Information

This series of workshops will help you develop effective search strategies to find relevant sources for your work. **Starting Your Assignment** is recommended for all new students and covers how to approach your assignment question, plus strategies for finding books, articles and web sites. **Best Practice for Literature Searching** is recommended for all higher degree research students that are about to start their literature review.

WORKSHOP NAME	AUDIENCE
<u>Starting Your Assignment</u>	Coursework
<u>Advanced Database Searching</u>	Coursework Researchers Staff
<u>Best Practice for Literature Searching</u>	Researchers Staff
<u>Find Company and Industry Information</u>	Coursework Researchers Staff
<u>Find Statistical Data</u>	Coursework Researchers Staff

2. Referencing

Learn about the Harvard (UTS) referencing style and also master referencing software such as EndNote, RefWorks and Mendeley. **Referencing & Avoiding Plagiarism** is a great starting point for students that need to use the Harvard (UTS) referencing style.

WORKSHOP NAME	AUDIENCE
<u>Referencing & Avoiding Plagiarism</u>	Coursework
<u>EndNote for Beginners (PC)</u>	Coursework Researchers Staff
<u>EndNote for Beginners (Mac)</u>	Coursework Researchers Staff
<u>Advanced EndNote</u>	Coursework Researchers Staff
<u>Introduction to RefWorks</u>	Coursework Researchers Staff
<u>Introduction to Mendeley</u>	Coursework Researchers Staff

3. Data Management

Effective research data management strategies are essential for all researchers at UTS. Our four-part workshop will cover the basics of how to manage your data across the lifecycle of a project, from data collection to publishing.

WORKSHOP NAME	AUDIENCE
<u>Data Management 1: What's In It For Me?</u>	Researchers Staff
<u>Data Management 2: Get Organised, Stay Organised</u>	Researchers Staff
<u>Data Management 3: Data Storage Solutions</u>	Researchers Staff
<u>Data Management 4: Not Without My Data</u>	Researchers Staff
<u>Introduction To Tableau Public</u>	Researchers Staff

4. Publishing & Metrics

These workshops target researchers that want to develop an understanding of how metrics work and also to develop strategies for promoting their work. The content is particularly useful for higher degree research students and early career researchers, but the advice is applicable to researchers at any stage of their career.

WORKSHOP NAME	AUDIENCE
<u>Beginner's Guide to Citation Metrics</u>	Researchers Staff
<u>Maximise Your Researcher Profile</u>	Researchers Staff
<u>Where Should I Publish?</u>	Researchers Staff

5. Collaboration & Communication Tools

Learn about some of the tools that can help you with collaboration and communication such as Twitter and online language tutorials.

WORKSHOP NAME	AUDIENCE
<u>Twitter for Academics</u>	Researchers Staff
<u>Tools for English Language Improvement</u>	Coursework Researchers

6. learning.futures

The Library has a range of services and resources to help academics flip their classroom or curate videos to embed in UTS Online. These workshops will cover the key video databases, associated copyright issues and how to find and use open educational resources (OERs).

WORKSHOP NAME	AUDIENCE
<u>Finding & Clipping Video Resources</u>	Coursework Reseachers Staff
<u>Copyright for Online Resources</u>	Staff
<u>Content Curation: Finding Rich Online Resources</u>	Staff

7. Chinese Workshops

These workshops are delivered in Mandarin and cover basic library research skills and referencing.

WORKSHOP NAME	AUDIENCE
查找文献资料 (<u>Library Research Skills</u>)	Coursework
合理引用参考文献 (<u>Harvard UTS Referencing</u>)	Coursework
使用RefWorks轻松建立参考文献 (<u>RefWorks</u>)	Coursework Researchers Staff
使用EndNote轻松建立参考文献 (<u>EndNote</u>)	Coursework Researchers Staff
