

UTS Library

A creative Library and trusted place of knowledge

Purpose

We assist...

UTS students to be successful in their studies and create change by delivering client-centred student services, resources and spaces. *We enable student success, evolving alongside the student body.*

UTS researchers to generate new knowledge by navigating the process with them and making the research lifecycle easier. *We are research allies, enhancing impact and knowledge exchange.*

UTS educators to optimise their student's learning experience by providing access to resources, skills and whole of course support. *We are co-creators in learning, embedding critical skills and enhancing curriculum design.*

We provide a unique UTS experience, connecting our community to ideas, people and culture.
We are not a typical university library.
